

Super Plan NBN

CRITICAL INFORMATION SUMMARY

Information about the service

Here's a quick summary of all the important bits about your **NBN Super Bundle plan**.

It covers things like the length of your contract and how much you need to pay each month.

Your plan is for a post-paid Internet and phone line bundle. It gives you access to our landline and internet networks, a phone number, and lets you make and receive phone calls. The internet access allows you to upload and download data.

Depending on your requirements you may choose either Analogue Voice delivered using a UNI-V port in NBN Fibre areas only, or Voice delivered using a Home Network Gateway (provided by us) connected to a UNI-D port in Fibre or Fixed Wireless areas.

Only the Analogue Voice service will be supplied using the NBN Co Battery Backup Unit so you can use your telephone service to make and receive calls during a power outage. The battery will provide power for up to 8 hours if supporting a single Analogue Voice service. The Voice service is not supplied with NBN Co Battery Backup Unit hence will not operate during a power outage.

To receive this plan, you must have your Long Distance calls with us for the duration that we provide you this service.

MINIMUM TERM

The minimum term is **24 months**.

What's Included and Excluded?

The following calls and features are included in your monthly plan, with the below charges:

- **Calls to Local numbers: 20c per call**
- **Calls to National numbers: 25c per min**
- **Calls to 13/1300 numbers: 41c per call**
- **Calls to Mobile numbers: 37c per min**

BROADBAND USAGE ALLOWANCE

You receive **500GB** of Data Allowance each month and both Uploads and Downloads are counted towards your usage for that billing period. Once you have used your data allowance for each month your service will either be shaped to to 256kb/s or excess usage charged depending on your selected plan. Quota not used in a month is not carried forward to the next month. There is no peak restriction on your usage.

EXCESS DATA CHARGES

If you have chosen an unshaped plan, excess data usage will be charged at **\$2.50** per GB in 1 Megabyte Increments.

CALLS TO INTERNATIONAL NUMBERS

Different rates apply to call international numbers. Calls are charged per minute block. For all International call rates, see www.skysmart.com.au

CUSTOMER SERVICE GUARANTEE

To receive this service you must agree to waive your rights to the Customer Service Guarantee (CSG waiver). You may choose to not agree to CSG waiver however we will not be able to provide this service to you.

CONNECTION CHARGES

A minimum of two appointments may be required to connect your service on the NBN Network. We'll arrange both appointments. A Standard installation of the NBN Co equipment is included. If your installation is non standard, NBN Co will discuss and obtain your agreement to any additional charges before starting the work and these charges will appear on your first bill.

The service includes Service Activation (BYO modem) or a Self Installation Kit if you choose to receive the Home Network Gateway at no additional charge. If you choose the Home Network Gateway and elect to receive a professional installation, a charge of **\$260.00 inc GST** applies.

If you are not the owner of the property where the service is going to be installed, you must obtain the owner's consent to the installation of the NBN Co equipment, including where it is installed within your premises.

If you are in a Fixed Wireless coverage area, before it can be installed an NBN Co technician will complete a signal strength test to ensure it meets the minimum requirements. If the service can't be installed we will contact you shortly after the appointment to discuss alternatives.

CRITICAL INFORMATION SUMMARY

EARLY TERMINATION

There is an Early Termination Fee (ETF). If you choose to cancel your service or it is disconnected for any reason within the 24 month contract term you will be charged an early termination comprised of your minimum monthly commitment as per your agreement with us multiplied by the months remaining in your contract. Both components of the Bundle need to be active in order to receive the Bundle plan pricing.

Other Information

AVAILABILITY

You NBN Broadband Internet is not available everywhere. Availability depends on a number of factors including whether the location has had NBN fibre laid and new developments have completed certain requirements so that they are ready to connect to the NBN. You must check with us whether we can deliver a service to your location.

We will deliver your service to the Network Boundary Point at your premises, which is defined as the physical port or 'UNI' of the NBN Network Termination Device. The cabling that is your cost and responsibility, as is the provision of a suitable 240V AC power outlet.

ETHERNET SPEEDS

Your internet service on the NBN offers download speed on Tier 25. During busy peak periods (7pm-11pm) customers may expect lower speeds. Speeds may vary due to a number of factors such as the destination of the host computer or server you are accessing, the network that connects from your location to other parts of the country, the performance of your network, your equipment and software on your PC and over WIFI network. The Ethernet router that you use should also be considered as some routers cannot go as fast as the theoretical line speed.

EQUIPMENT

You may use your own router provided it is compatible with our service, however this means that you will be responsible for the configuration and management of the router. Optionally you may select to take our Home Network Gateway at no additional monthly cost, however an additional charge will apply should you choose to have this device professionally installed. If the Home Network Gateway is required to be replaced due to the loss or damage not caused by us, a charge of \$130.00 will apply plus either \$70.00 if you receive the replacement modem via self installation kit or \$260.00 if a technician attends site.

SERVICE AND PLAN CHANGES

Once you take up a phone and broadband service on the NBN you can't move back to services on the existing copper network. You may upgrade your bandwidth or your plan allowance once per month. You cannot downgrade your bandwidth or plan while within contract term.

BILLING

We will bill you in advance for the minimum monthly charge and features and in arrears for calls. Your first bill will include charges for part of the month from when you took up your plan until the end of that billing cycle, as well as the minimum monthly charge in advance for the next billing cycle.

This plan requires paperless billing (Email) and electronic payment (Direct Debit or EFT). A charge of \$2.20 will be applied a month in arrears if you receive a paper bill and \$1.00 will be applied in arrears if you make a bill payment in person or via mail. To set up Direct Debit visit www.skysmart.com.au/my-account
